

THE SQUAMISH RIVER WATERSHED SOCIETY
PRESENTS:

OCEAN'S DAY WONDER WALK

ESTUARIES: WHERE THE RIVER MEETS THE SEA

Estuaries are our connection to the ocean. They are dynamic ecosystems that have some of the highest plant and animal diversity and production levels in the whole wide world.

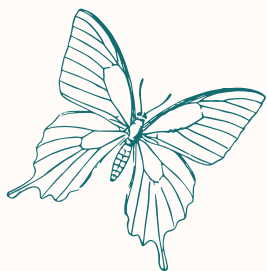

Squamish's people have had a long relationship with the ebb and flow of this unique and amazing estuary.

WE CHALLENGE YOU TO BUILD YOUR OWN CONNECTION TO THE SQUAMISH ESTUARY BY COMPLETING THIS SUPER FUN "WONDER WALK".

This "Wonder Walk" can be used on any estuary trail in Squamish. We suggest the Chelem Trail off of Spit Rd. (parking lot before the yellow gate) or the Central Estuary trails (Bailey St. West).

EXPLORE THE ESTUARY TRAILS WITH WONDER AND GRATITUDE FOR THIS BEAUTIFUL WORLD AND SEE WHAT MAGIC NATURE REVEALS...

Please be mindful of all other living things. Please do not pick or collect anything that is alive.

WHAT TO BRING
Weather-appropriate clothing
